

HOPE House International

Helping Orphans Prevail in Everything

Our Inspiration

"Pure and undefiled religion before God and the Father is this: to visit orphans and widows in their trouble, and to keep oneself unspotted from the world." [James 1:27]

Then the Lord answered them "I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me." [Matt 25:40]

"Speak up for those who cannot speak for themselves, for the rights of all who are destitute. Speak up and judge fairly; defend the rights of the poor and needy." [Proverbs 31: 8-9]

These 3 verses were the inspiration for us to start this ministry. We honestly feel that it is incumbent upon us to honor these verses. It is not just about financial support, it is about support through prayer, counseling and volunteering your resources and services. If you are living in South India and you can spare some time, please visit these children to let them know that there are people who care for them. It would do them a world of good.

"What I do you cannot do; but what you do, I cannot do. The needs are great, and none of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful." [Mother Teresa]

Our Mission

"Our mission at the HOPE (Helping Orphans to Prevail in Everything) house is to provide every orphan child an adoptive family. If adoption is impossible for any reason, then we will provide with the security of a foster family or an orphanage."

Our Motto

Providing HOPE With TEARS

HOPE and TEARS are acronyms which stand for "Helping Orphans to Prevail in Everything" and "Transparency, Ethics, Advancement, Reliability and Synergy" respectively.

➤ **TRANSPARENCY:** As we desire to function with the help of others, we feel obligated to those who support us by functioning transparently in every aspect. Our stakeholders are encouraged to test us at any time on any issue of our operation.

➤ **ETHICAL:** As it is the child who cannot defend himself/herself that is involved in our work, we feel it is absolutely essential to be ethical in our operations. We promise to our donors and to others that we will not involve in any kind of unethical practices whatsoever. We encourage our stakeholders to give us suggestions with which the bar of ethical standards can be raised to the highest levels. We will embrace the challenge to

work with the local, state and federal governments to do targeted marketing/education in the low sex ratio areas of the four districts (please see the tables in "HOPE House charts" section) to save the girl babies from being abandoned/ killed. We will use highly qualified professionals to operate our health, accounting, finances and counseling activities etc to enable ethics of high standards.

ADVANCEMENT:

1. Advancement is to tell about our desire to advance the concept of protection of life.
2. Advancement is to tell about our desire to promote the concept of adoption for all (irrespective of one's economic status so long as they meet the government criteria)
3. Advancement is to tell about our desire to advance the concept of embracing the distressed mothers (abused/ neglected/ unwed) to provide assistance to rehabilitate them.

RELIABILITY:

HOPE House will assure 100% reliability to it's donors in complying with the local, state and federal regulations and guidelines in doing our work. HOPE House's reliability assurance arises from the fact that HOPE House ministry recognizes that every child deserves a home by right not by pity or sympathy.

SYNERGY:

Hope House believes that addressing the problem of the orphans of India is not the responsibility of one entity nor a single individual but everyone's. To enable the community to focus on this issue collectively, HOPE House will work to create synergy to bring in every/any individual/ entity to feel empowered to assist in the promotion of message of adoptions.
